## To Be a Houseboat,

The steamer Samuel J. Pentz has been bought by J. Heath, of Washington, and is to be converted into a houseboat on the Potomac river. Her new owner expects to tow her from Baltimore to Washington tomorrow. The Samuel J. Pentz was formerly the Long Island and was built in New York in 1859 for a day boat on the Hudson river, and was then the queen of the fleet on that river. When the civil war broke out the steamer was bought by the United States Quartermaster's Department and used as a transport on southern waters. She was captured by the Confederates and burned, raised by the government and rebuilt, and was sold at auction at Norfolk after the war to the Maryland Steamboat Company and for years ran bay and river excursions from Baltimore. At one time she was on the Aquiz creek mail route. In recent years she carried excursionists between Washington and Alexan-

dria and River View. Kennedy's Laxative Honey and Tar is the original laxative rough syrup and combines the qualities necessary to relieve the cough and purge the system of cold. Contains no opiates. Sold by W. F. Creighton Co., 401 King street.
